

**BIOLOGICALLY ACTIVE PEPTIDES COMPRISING
ISOLEUCYL-VALYL-THREONYL-ASPARAGINYL-THREONYL-THREONINE
(IVTNTT)**

Abstract of the Disclosure

The peptide Isoleucyl-valyl-threonyl-asparaginyl-threonyl-threonine is disclosed with its use as a pharmaceutical composition. A method is also disclosed for making a pharmaceutical composition comprising providing an Isoleucyl-valyl-threonyl-asparaginyl-threonyl-threonine peptide and mixing said peptide with a pharmaceutical acceptable carrier.
